Event Application No in E-governance: 2022-23/00727

Event Name: Cyber Security Club Event(s)

Motto of the club: "Defending our Digital World, One Byte at a Time!"

Detail about the event:

The Cyber Security Club is a student-run club with the goal of providing outside-of-class activities relevant to the industry. The club is open to everybody no matter what experience level or major you are. Our goal is to expand our knowledge of cyber security and information security through hands-on experience and direct interaction with professionals in the field. Cyber security awareness is the understanding of the risks and threats associated with using technology and the internet. It involves recognizing potential threats, knowing how to protect against them, and taking steps to ensure the safety and security of personal and sensitive information.

To enhance the security domain of students, in club many technical sessions are organized during the period of 23rd December 2022 to 2nd March 2023. All the sessions are delivered by the faculty, current student and pass out student (Alumni). More than 25+ students have taken up a part in technical session of club.
